

About Dr. Marty Kotlar

Dr. Marty Kotlar is the President of Target Coding. Dr. Kotlar owned and operated a successful chiropractic practice for 12 years and multi-specialty practice for 4 years. He began his consulting career with a special emphasis on CPT coding, billing, reimbursement, documentation and compliance for chiropractic and multi-specialty facilities. Over the last 14 years Dr. Kotlar has provided valuable nationwide educational seminars and consulting to over 3,500 healthcare providers and their staff members.

Dr. Kotlar is Certified in CPT Coding, a Certified Professional Compliance Officer and a member of the American Academy of Professional Coders. Dr. Kotlar has written 8 books on chiropractic coding, compliance and documentation. He is a contributing author to Chiropractic Economics Magazine and Dynamic Chiropractic. He is a featured guest speaker for Foot Levelers Seminars, Parker Seminars, the Coding Institute and at many state association conventions nationwide.

Target Coding specializes in helping chiropractors maximize reimbursement and enhance patient satisfaction. Target Coding provides expert billing, coding, compliance, and credentialing services to ensure accurate and timely compensation allowing doctors to focus on delivering high quality care to their patients. Target Coding stays up to date on industry regulations and provides guidance to help doctors navigate the complex landscape of compliance requirements.
